On April 19 Another Election Will be
Held for Purpose of Electing Mem-

On Saturday, April 5th, elections will be held on both the north and south sides to elect trustees, one for each district. The term of S. S. Dodge as trustee of District No. 21, which is on the south side of the river, expires this year, and it is understood he will be a candidate for re-election. The election in District 22, on the north side, will be to select a successor to Clark A. Ballou, deceased, whose term would have expired this April. No candidates have as yet been mentioned.

For Members of Board.

The elections for members of the board of education will be held two weeks later, on Saturday, April 19. On the south side the terms of President E. B. Owens and A. A. Rowland and Charles McKinney will expire, and their friends will urge them to again seek the offices. NEW PASTOR IS WELL SPOKEN OF

REV. J. G. ELLER OF FREEPORT
WHO EXCHANGES PLACES
WITH REV. SMITH

The Freeport Bulletin has the following to say concerning Rev. J. G. Eller of that city, who has been appointed to succeed Rev. George A. Smith, pastor of the Grace Evangelical church of Dixon, who goes to Freeport:

The United Evangelical conference ended its sessions at Chadwick late last night with the assignment of pastors for the ensuing year. A surprise was given the congregation of Trinity church in this city when G. A. Smith of Dixon, was sent here, and J. G. Eller, who has been the pastor for the last four years, was sent to fill Mr. Smith's place at Dixon. Mr. Eller and Mr. Smith simply exchanged places, and the transfer is to the advantage of each. Mr. Smith had been at Dixon for four years, and under the rules of the church a change was necessary this year. The Freeport and Dixon churches are about the same in size and desirability. Mr. Eller's time limit would have been up next year, but by that time the Dixon appointment would have been closed to him. Therefore it was decided to make the change at once.

Mr. Eller Well Liked

Mr. Eller, during his residence in Freeport, has been one of the most active ministers in the city, and one of the best liked by the members of all denominations. He is president of the Ministerial association. During his pastorate he has admitted 80 new members to Trinity church. He will preach his last sermon as pastor of Trinity church on Easter Sunday. The name of the church to which he goes is Grace church.

SPECIAL SERVICES AT PRESBYTERIAN CHURCH

The special services being held at the First Presbyterian church have been of much interest. The subject for the sermon tonight at 7:30 is: 'What Shall I Do With Jesus?' The Good Friday service will be held in the auditorium of the church at 7:30 p. m. Dr. Crissman's subject is 'Ecce Homo—Behold the Man!' The evening's music will include organ selections by Mr. Stoddard from the Passion Music, by Bach; 'The Wondrous Cross,' from Hall's Lenten Cantata—Is It Nothing to You, will be sung by Miss Crissman. The Ladies' Trio will sing 'The Blessed Jesus,' by Stone.

CONDUCTOR WON HARD FOUGHT MAT MATCH

KARTYE WENT TO DEFEAT IN
TWO STRAIGHT FALLS
LAST EVENING.

WON WITH TRICK HOLDS

Toe Hold Caused Kartye to Cry Quits
in First and Hammerlock Made
Him Throw Up Sponge in the
Second.

Ernest Kartye and Charles Challenger (The Mysterious Conductor) were the principals in the best wrestling match of the season at the opera house last evening. Kartye was defeated, losing two straight falls to the Conductor, but he put up an interesting fight and gave Challenger a good evening's workout, the hardest he has ever had in Dixon.

Conductor on Defensive.

Kartye was the aggressor through almost the entire match, and again and again he ensnared the wily Conductor into dangerous predicaments. Had the Conductor been a trifle less scientific and not so heavy he would have been pinned to the mat early in the game.

Kartye was many pounds lighter, but possessed a wonderful muscular development. In addition he is a scientific mat artist. He seems good natured and a clean wrestler.

Both falls were won by the incomparable Conductor by trick holds which did not pin Kartye to the canvas, but were so painful as to cause him to forfeit the falls. The first fall went to the Conductor in 47 minutes when he secured a merciless toe hold on Kartye and the latter called, "I give up." A bar arm hold helped to secure the first fall.

The second fall was accomplished in 24 minutes with a grapevine and hammerlock which had the same effect as the first.

Wolfe Beat George.

Red Wolfe won from Clarence George, the South Dakota lad, in two straight falls in the preliminary last evening. Wolfe, who is a local student of the art, won the first fall in 9 minutes with a scissors on the head and a bar arm, and the second fall in 20 minutes with a wing lock.

"Kid" Olson of Dixon refereed the match.

Announcement was made that the Mysterious Conductor and John Stahl will wrestle in Polo March 28. Red Wolfe of Dixon and Bellows of Polo will be the preliminaries. Several local mat fans will attend.

Some of the contractors were at work at the park today digging into the ground to test the soil before beginning active work on the foundations.

BURNED WHILE AT PLAY.

Poking a broom into a stove while playing "horse" Sunday, Hazen Elsieley, a two year old boy living west of Freeport, was seriously burned about the arms, legs and face when the broom caught fire and ignited his clothing. He will recover, however.

PRESIDENT WILL LEAD

Wilson Says He Will Take
Hand in Tariff Reform.

Chief Executive Demands That Democrats Keep in Constant Touch With Him on Legislation.

Washington, March 20.—In the course of a conference with Senator Simmons, President Wilson served notice on the leaders of the next congress that he intends to have a hand in the framing of tariff legislation to the end that he may be in accord with congress when the work for which the special session has been called shall be completed.

Mr. Simmons is chairman of the senate finance committee which will handle tariff legislation in the upper house. The president told him that the White House expects to be kept informed about the progress of the schedules as they are made up and that all important tariff makers are expected to make frequent visits to the legislative offices.

The president's purpose is harmony. Having called congress for the purpose of making a tariff, he means that it shall make one which he can approve. He remembers that Mr. Taft called a tariff making session and vetoed the bill that came from it.

The new tariff, of course, must under the Constitution originate in the house. The members of the ways and means committee that has been selected by the Democratic caucuses are now sitting, not as a committee, but as a body of men who will comprise the next ways and means committee to frame the bill. When reported to the house it will, if passed, go to the senate for consideration and will then be referred to the senate committee on finance. For convenience this committee is already at work upon the suggestions that have thus far come from the house tariff makers and will be ready for action when the time comes.

Woodmen Meet.

The regular meeting of Modern Woodmen will be held at Union hall this evening.

DIXONITES VIOLATE THE TEN HOUR LAW

CORRECT DAILY RECORD MUST
BE KEPT SHOWING WORK-
ING HOURS.

WILL BE PUNISHABLE BY FINE

State Factory Inspector Reported to
be Contemplating Trouble for Local
Business Men.

It is reported that a number of Dixon business men are to run afoul of the state factory inspection department as result of their failure to keep a proper daily register showing the actual number of hours each female employe works. Some time ago an inspector visited Dixon and discovered quite a number of places where no such record was kept, at which time the offenders were warned that such a time check should be kept.

According to reports some of these business men have ignored the warning, and complaints have been made to the department. Failure to keep a record is punishable, under the law, with a fine of \$25, and if Dixon employes have no such record when the inspector calls again some prosecutions will probably result.

The daily time record, which must be kept in establishments where there is no time clock, should show the following entries: 'Morning In,' 'Morning Out,' 'Noon In,' 'Noon Out,' 'Other Time Off,' 'Total Hours.' This record must be kept daily, and must be open to the inspection of proper officials at all reasonable times.

Bardwell this afternoon and prepared the necessary papers for the sale of bonds, which was authorized by the county court some time ago and which it is hoped can be disposed of within a short time. Until this time the commissioners have not been compelled to sell any bonds and the benefited property owners have paid their assessments promptly, providing sufficient funds for carrying on the work.

POPE PIUS IS SINKING

Dispatch From Rome Declares
Pontiff in Bad Way.

Vatican Physician Says He Fears
Aged Head of Church Will
Not Survive Long.

New York, March 20.—A cablegram from Rome to the Sun received this morning says:

"During the past two days the pope has suffered from insomnia and loss of appetite. The liquid diet which he has been taking has failed to overcome the weakness resulting from his illness. Today on his name day, the feast of St. Joseph, he was compelled to remain in bed and for the first time since he was ordained a priest he was unable to celebrate mass on this occasion."

"Professor Marchisavi, the pope's physician, said tonight that he was afraid the pope would not last long. In any case he will not resume his audiences for a month."

"Although Cardinal Merry del Val, the papal secretary of state, telegraphed officially the condolences of the pope to Greece on the death of King George, the news of the assassination of the Greek monarch has been withheld from the pontiff, as the doctors were afraid of the effect of the shock during his present great depression, which is due to his weakness."

"The late king of Greece was for a long time friendly with the pope, whom he knew well and had often met when the pontiff was patriarch of Venice."

TAFT WANTS T. R. PICTURE

Sends for Counterfeit Presentation of
Roosevelt Hanging in White House.

Washington, March 20.—Former President Taft has missed one personal belonging which he left when he quit the White House—a picture of Theodore Roosevelt. Several days before he started for Augusta the president took down the only other picture in his sanctum, that of his father, Alphonso Taft, but the Roosevelt picture has been hanging there alone since President Wilson assumed office. A letter came to the White House offices requesting that it be taken down and sent to Mr. Taft.

Easter Monday will mark the opening of St. Patrick's annual spring fair at Rosbrook hall, and on the same evening the Marine band will give a big dance in the Armory. The fair will continue every night during the week, and on Friday night there will also be a dance by the Colonial club in the Armory. The Elks will also have a dancing party for members and their families on Friday evening.

Three fairs will follow St. Patrick's annual event in as many weeks, the Ladies of the G. A. R. following. And then come the Dixon Stars and last the W. R. C. Each of the four fairs will be at Rosbrook hall and will last a week.

SENATORS MAY BE NAMED BY PEOPLE

Four States Needed to Com-
plete Senate Direct Elec-
tion Ratification.

7 LEGISLATURES IN SESSION

Situation in Illinois Referred To—
Leaders Say Voters Soon Will Be
in Position to Say Who
Shall Wear Togas.

Washington, March 20.—Proponents of the direct election of United States senators show no discouragement because the proposed amendment to the constitution providing such a form of election met temporary defeat in the Delaware senate. To date the official records of the state department show that twenty-one states have reported favorable action on the amendment and none against it. Unofficial records show that thirty-two states have acted favorably, and none have gone on record definitely as opposed to it. The states which have been reported as having acted favorably through their legislatures are as follows:

New York.	Kansas.
North Carolina.	Vermont.
Minnesota.	New Hampshire.
Massachusetts.	South Dakota.
Arizona.	Ohio.
Michigan.	Indiana.
Colorado.	Missouri.
Oregon.	Maine.
Idaho.	West Virginia.
Nevada.	Arkansas.
Washington.	Nebraska.
Texas.	Iowa.
Montana.	California.
Wyoming.	Oklahoma.
Illinois.	New Mexico.
Wisconsin.	North Dakota.

Seven Legislatures in Session.

The legislatures of Pennsylvania, Connecticut, Rhode Island, New Jersey, Delaware, Tennessee and Utah are in session. The lower houses of Pennsylvania, New Jersey, Delaware and Rhode Island have approved the amendment, while the senate in Utah and Delaware have opposed it. There is a possibility of both of these bodies reconsidering their votes before adjournment. The legislature in Florida meets next month and that of Georgia in June, while five more legislatures in states which have not yet acted meet in 1914 and Alabama in 1915. The favorable action of only four more states is necessary to incorporate the amendment in the constitution.

Little Needed for Ratification.

Washington, March 20.—With the ratification of only four states remaining to assure the adoption of a constitutional amendment for the direct election of senators, speculation was heard at the capitol in regard to the effect of the adoption of the amendment upon the senatorial vacancies exist in Illinois, but the legislature has been deadlocked many weeks.

The consensus of opinion was that the ratification of the amendment by four more states and the subsequent proclamation by the secretary of state that the amendment had been adopted would deprive the Illinois legislature of power to elect senators. The selection then would be made under the terms of the new amendment. This requires that when vacancies occur such as exist in Illinois the governor of the state shall issue writs for an election at the polls to fill such vacancies. It is provided, however, that the legislature may empower the governor to make temporary appointments until the people fill the vacancies by election.

The Phidians Met.

The Phidian Art club was delight- fully entertained at the home of Mrs. S. W. Lehman Tuesday afternoon. Mrs. Z. W. Moss, the president, called the meeting to order, after which the routine business was transacted, to- gether with that relating to the Na- tional Federation, District Federa- tion and the new enterprise espoused by the Phidians—Home Gardening. After the disposal of business Miss Morrison delighted her audience with two vocal numbers, 'Roses in June,' by Edward Germain, and 'The Pas- sion Flower.' Miss Altman accompa- nied the soloist.

Miss Morrison's theme for the af- ternoon was 'English Composers of Today.' The two countries which have seemed lacking in a national school of music are England and the United States. Many efforts have been made to remedy this condition, but the result has been wholly an im- itation of the classic models, with- out any special local color or peculiar style. Folk music is not inspired by materialist resources, therefore no really national school has been found. Many centuries have elapsed since the 'Gleemen' flourished in England and the glories of the Eliz- abethan period and of Purcell's time have scarcely been equalled by later composers.

Edward Elgar who died during the past year, set a high standard for modern English composers and his influence on modern English music will always be vital in effect. His best known work is the oratorio, 'Dream of Gerontius,' which furnishes a mu- sical setting to Cardinal Newman's poem, 'King Olaf' and 'The Apostles.'

Samuel Coleridge Taylor, whose father was a full blooded African and his mother an English woman, was born in London in 1875. He is an original character in English music today. He produced the southern love songs and African romances for his beloved violin. In 1898 his cantata, 'Hiawatha's Wedding Feast,' made him renowned in the music world.

Miss Morrison gave brief reviews of several English composers—Ed- ward Germain, Grayville Bantock and Alex. McKenzie.

The women composers have been more prolific in light vocal music than men. She spoke of Liza Leh- man, author of 'In a Persian Gar- den' and spoke of Maude Valerie White, Katherine Goodson and Ter- resa-del-Riego, who wrote 'Oh Dry Those Tears,' when but sixteen years old.

This paper was followed by an interesting and detailed account of 'English Sculpture and Sculptors,' by Mrs. Paul G. Lord.

Sculpture was chiefly employed in the early ages of most nations, in the service of religion as the represen- tation of Divine attributes and char- acteristics. Although given the third place in the arts of design, sculpture appeals most strikingly to our hu- man sympathies. It is man's study of man and unites the most solid real- ism with the highest poetry. The technique almost touches the secret

of creation, for its semblance of life stops just short of the breath of life. More than in any other country Eng- lish history is reflected in English sculpture. Mrs. Lord carried her hearers from the barbaric inhabi- tants of Great Britain and their crude efforts in the stone age, on through the Roman period with its bronze statues which their succes- sors, the Saxons, so entirely oblit- erated. No splendid statues are known in England until the time of William the Conqueror. After the crusades statuary was largely intro- duced in the decorations of churches and from that period until the pres- ent sculpture has been subject to constant evolution. The first great Eng- lish sculptor, John Flaxman, was at an early age, called 'the genius of sculpture,' and is entitled to be chief among English sculptors through the power of his mind, his mastery of composition and actual knowledge of his art. His grandest work in England is the group of Michel and Satan.

Mrs. Lord spoke of a long list of English sculptors, describing their work in a most lucid manner.

The latest school of English sculp- ture exhibits greater originality and technical ability than were shown by their predecessors. The school is po- etic in temperament and its techni- cal idea is expressive modeling. Its teacher is Paris. Here men climb to perfection in their art.

Among women Mrs. Gervase Bal- ley is considered a brilliant student. She delights in the portraiture of children, in which she will probably excel. The name Katherine Bruce Scott is seen in every paper of recent date, as the wife of the antarctic explorer who so recently lost his life. Mrs. Scott has studied in Paris and has exhibited in the salons of many European cities. She has a large studio in London.

Mrs. Lord treated her subject in a masterly manner.

At the conclusion of the papers a delightful social hour was spent over the tea cups.

PAPE'S DIAPEPSIN
ENDS INDIGESTION

TIME IT! NO SICK SOUR GASSY STOMACH, HEARTBURN, OR DYSPEPSIA, IN FIVE MINUTES

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. It's millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. It's promptness, certainty, and ease in overcoming the worst stomach disorders is a revelation to those who try it.

TO CONDUCT INSPECTION.

CLEAN YOUR LIVER AND 30 FEET
WITH DELICIOUS "SYRUP OF FIGS"

More Effective Than Calomel, Castor Oil or Salts; Gently Cleanses the Stomach, Liver and Bowels Without Nausea or Gripping—Children Deeply Love It.

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul, or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people shrink from a physic—they think of castor oil, calomel, salts or cathartic pills.

It's different with Syrup of Figs. Its effect is as that of fruit; of eating coarse food; of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when all the clogged up waste matter, sour bile and constipation poisons move on and out of your system, without griping, nausea or weakness.

Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senna and aromatics, it can not cause injury.

If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name—California Fig Syrup Company, That, and that only, is the genuine. Refuse any other fig substitute with contempt.

WHY IS DIXON FIRM

Because Its Citizens Have Learned
the Truth.

After reading this generous and
encouraging report from Mr. Self
those who have the misfortune to
suffer, as he did, will naturally long
to get similar relief. But to get the
same good as Mr. Self had, you
should get the same remedy. There
are of course other kidney pills but
there are no other kidney pills but
the same as I an's. That is why Dixon
people demand the genuine.

Roy F. Self, 516 Lincoln Ave., Dix-
on, Ill., says: 'Although I have not
used any kidney medicine myself, I
can recommend Doan's Kidney Pills
in view of what they have done in
our family. One of us had nervous
and dizzy spells and also suffered
from backache. The use of Doan's
Kidney Pills gave complete and per-
manent relief.'

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—
and take no other.

Decatur reports the beginning of

land, and that seeding will be gen-
eral by Saturday without more rain.

South Dakota wire to Ware &
Leland: Our traveling man reports
the winter wheat in the southern
part of this state looking fine already
turning green. This country was ab-
solutely unprotected with snow cover-
ing all winter and the ground was
frozen to a depth of 5 feet.

Chicago wires: Country offerings
of cash corn are somewhat larger to-
day from Illinois, Omaha and Iowa
also asking for bids.

Estimates for tomorrow are 48
cars of wheat, 180 corn and 119 of
oats.

Dixon, Mich. 20, 1913

Wheat: Steadiness characterized
the market until the last hour when
strength was good. Some of the most
important buying was by the same
people who were quietly buying early
in the week. The southwest has good
wheat buyer here this week and
while the market is likely to have its
setbacks it does not look as tho the
bear raids would be productive of
their entire lines on such rallies as
this. There were rumors of export
business but no confirmation of such
business in volume. Well posted peo-
ple are under the impression that
much wheat has been worked for ex-
port, tho the public will have no way
of learning this until the wheat is
cleared.

Corn: Independent strength was
occasioned early by short covering.
This rally was not maintained and a
setback of 5-8c followed. Later the
market rallied again and closed from
1-4 to 1-2 higher. Local people prom-
inent in the trade about a month ago
but July and sold May, widening the
spread again. Eastern demand shows
a little improvement and there is no
material increase in country advices.
Cash corn showed considerable
strength at the tables and closed a
fair portion of the difference existing
between cash corn and May. Any gen-
eral improvement in eastern demand
for corn might lead to moderate ad-
vance. Southern bids to Illinois ship-
pers are well above Chicago basis.

Oats: This market showed less
strength than other grains but closes
shade higher than yesterday after
being lower most of the session. The
cash market did not show good tone
apparent for several days tho offer-
ings brought about the same price as
yesterday.

Provisions: With the lower hog
market, product declined early but
held well and closed strong. Interests
which took profits on strong spots

CANNON IN PRIVATE LIFE

Danville Friends Greet Former Speak-
er on the Streets.

Danville, Ill., March 20.—"Tell the
American people that I think it great
to be a plain American citizen again,"
said Joseph G. Cannon as he emerged
from his residence shortly before noon
after a refreshing sleep. Mr. Can-
non, travel worn and alone, arrived
from Washington, and, unlike his re-
turn in former years, when he was es-
corted to his residence by at least
half of the population, went to his
home unattended. This was due to
the uncertainty of his arrival. The
citizens of Danville are planning a
banquet to be given Mr. Cannon.

Famous Paris Police Chief Resigns.
Paris, France, March 20.—Louis Le-
pine, head of the Paris police for 20
years, has resigned office. He has
been often called "the most famous
chief of police in the world," and has
figured in hundreds of celebrated
cases. Lepine is sixty-seven years old,
a veteran of the Franco-German war
and a former governor of Algeria.

Tarpon Springs Grape Fruit

Have proven a great success. A number of persons have told us that they
were the best they have had this winter. We will continue the sale all
next week.

The 28 size at 11 cents, the 36 size at 10 cents and the 54 size at 8
cents have proven the popular sellers. This fruit is extra large for the
price, very heavy, very juicy and of exceedingly fine flavor; in short they
claim them to be the finest produced in the state of Florida. If you have
not tasted them, order a few at once. If not entirely satisfactory we will
call and get them.
